Description

Now we add a second player to the drill to make it a little more game like. Now the player attacking the zone has the option to use the second player in line as they drive to the net. So once the second player makes the pass they sprint straight to the far post with their stick on the ice ready for a pass at any time. As the first player goes around the cone driving to the net they have the option to pass, or if the goalie is cheating then they can shoot short side.
