Description

This is a good 2 on 1 drill for defense. To set up, place all pucks in the corner with the forwards and get all defense at center ice. On the whistle, D1 skates hard to the blue line and receives a pass from F1. D1 walks the puck to the middle and shoots on net. F1 and F2 then skate around the net and receive a pass form the next forward in line. F1 and F2 then take on D1 in a 2 on 1 situation.
