3 V 3 WITH 3 WAYS TO SCORE

Time: **Station:**

The 3 v 3 with 3 Ways to Score Game from Darryl Belfry stiches all of the concepts taught throughout the practice plan (Parallel Teaching Structure - Passing Between Two Checks and One Touch Passing) into one final game where each team has 3 different ways they can score points.

Setup

- Play in zone 3 v 3. The offensive team can score by the following options:
  - Pass through 2 players
  - One touch pass
  - Score a goal
- Keep track of score!

Coaching Points

- Defensive team should keep their sticks on the ice to block passing lanes and angle players to the outside.
- Offensive team should work hard to pass through 2 players, make one touch passes and score goals.

Variations

- Coaches can have a designated offensive team and defensive team.
- Coaches can allow the defensive team to pass to the coach and receive a pass back to transition to offense.
- Coaches can modify the point scoring based on whatever concepts they would like to reinforce.
