FORECHECK ANGLING

Time: **Station:**

Drill Setup:

- 1 player starts as puck retriever, 1 player as forechecker.
- Puck retriever should be given an adequate head start.
- Forechecker has to angle the player off and attempt to create a turnover.
- Forechecker is trying to create a turnover to score on the net.
- Puck retriever is trying to skate the puck past the blue line. Play the puck out.
- Start the drill is 1 v 1, can move the drill to 2 v 2 or even 3 v 3.

Purpose:

- Purpose of the drill is to isolate an F1 forechecker angling situation and that player taking a good angle and creating a turnover on the forechecker.
