PIONEER 2 V 2 RUSH

Time: **Station:**

The Pioneer 2 V 2 Rush from TJ Manastersky, the Head Coach of Brock University, practices attacking and defending the rush. It starts as a 1 V 1, and finishes as a 2 V 2.

Setup

- On the 1st whistle, blue passes to red.
- Red must get outside the blue line before attacking the zone 1v1.
- Blue must get angle skating forwards. Play it out until a whistle.
- On the second whistle, 2 things happen:
  - the blue player in the other zone passes to the red player. The red player must get outside the blue line before they can attack.
  - the players in the first 1 v 1 stop and skate down to the other end of the ice to join their teammates to make it a 2 v 2.
- It becomes a continuous 2v2.

Coaching Points

- Communicate on defense, "get sticky" on backcheck
